NOMENCLATURE NATIONAL HUBS

Supporting Rare Diseases codification in National Health Information Systems

Our Services

Assess users' needs at national level

Organise capacity building around the Orphanet Nomenclature and tools

Support and advice implementation and use of ORPHAcodes

Coordinate partners to mutualise knowledge and build capacity across the network

About us:

The OD4RD and OD4RD2 projects have set up a Network of 20 Orphanet Nomenclature National Hubs across EU

ORPHANET SWITZERLAND NATIONAL HUB

The Orphanet Swiss National Hub has been established in 2022 and it is hosted by the Centre for Rare Diseases at the Geneva University Hospital (HUG).

It consists of members of the Orphanet Swiss team, based at the HUG since 2001.

ACTIVITIES

Nomenclature training courses

Collaboration with the Swiss Rare Disease Registry and with the national coordination of rare diseases (kosek)

Technical support and clarification of questions related to the Orphanet nomenclature
